DISPENSER

QUALIFY YOUR CUSTOMER >

1

Do you have a magnetic refrigerator you wish could dispense filtered water?

2

Does your water pitcher take up much-needed space in your refrigerator?

**NO BOTTLES.
NO PITCHERS.
JUST FILTERED WATER.**

SELLING IN 60 SECONDS

1

FILTERED WATER

Certified to remove more contaminants* than any water pitcher.

2

SPACE SAVING

No water bottles or pitcher means more shelf space in your refrigerator.

3

CONVENIENCE

Magnetically mounts to your fridge for filtered water without ever opening the door.

*28 contaminants, based on NSF rating flowing at 0.5–.055 gpm.

Internal use only.
Not for distribution.

DID YOU KNOW?

Of the 28 contaminants* the EveryDrop™ water dispenser removes, 9 of them are industrial chemicals, 8 are pesticides and 6 are pharmaceuticals.

What are you drinking if your water doesn't come from our EveryDrop™ water dispenser?

DEMO

Assembling the EveryDrop™ water dispenser is as easy as 1, 2, 3...

- 1) Connect the water tank to the pump.
- 2) Plug the pump into an outlet and turn the pump on.
- 3) Begin the demo.

For more detailed instructions, please reference the In-Store Demo guide.

The **EveryDrop™** Dispenser uses **EveryDrop™** Refrigerator Filter 1 *(included)*.

REPLACE EVERY:

(200 gal/757 L)
Contaminant reduction declines after 200 gallons.
