START THE CONVERSATION

Do you want additional Undercounter Refrigeration storage in a sleek and premium built in way?

THIS MODEL OFFERS:

Fully Flush Installation with Hidden Hinges

TOP FEATURES

FULLY FLUSH INSTALLATION WITH HIDDEN HINGES

Fully Flush Installation provides a built-in look within a standard 24" base cabinet.

TWO TEMPERATURE-CONTROLLED ZONES

Chill beverages, hors d'oeuvres and wine bottles in their optimal climate with two independent temperature zones. The upper temperature zone can be adjusted from 33°–40°F while the lower zone temperature range is from 42°–64°F.

SATINGLIDE® METAL-FRONT RACKS

Provides smooth movement even on fully loaded racks. The metal front gives the racks a bold, high-end design.

DID YOU KNOW?

Growth has returned to the Undercounter Wine industry reporting +52% increase in unit sales vs Yearly Average, the highest in Last five years(1).

DEMO

Point out the hidden hinges, also known as articulating hinges, located above and below the Undercounter Refrigerator unit door that allow it to sit flush with cabinet fronts when closed yet easily swing open a full 115 degrees.
