1

FRESHVUE™ DOOR-WITHIN-DOOR

An exterior storage door with industry-exclusive proximity lighting provides visibility and easy access without opening the main refrigerator.

2

UNDER-SHELF PREP ZONE

Ideal for chilling dough or marinating meats between prepping and cooking stages, this slide-out pan utilizes space that is typically left empty beneath the refrigerator shelf.

3

SELF-CLOSING DRAWERS

Five drawers feature glides that allow the drawer to open effortlessly to more than 90%, providing access and full visibility to ingredients (even when fully loaded).

*Among leading premium counter-depth door-within-door 3-door french door brands.

DID YOU KNOW?

The Pull Out Tray, Under-Shelf Prep Zone, and two FreshVue™ Door-within-Door bins feature a wood finish, much like you would see in a premium vehicle. These accents play off the Platinum Interior Design for a refrigerator as beautiful as the fresh ingredients inside.

DEMO

Ask customers to find the five self-closing, full-extension features on the refrigerator. They include:

- 1) Pull Out Tray
- 2-3) FreshSeal™ Crispers
- 4) Custom Temperature-Controlled Pantry Drawer
- 5) 3-Tier Freezer Drawer
