1

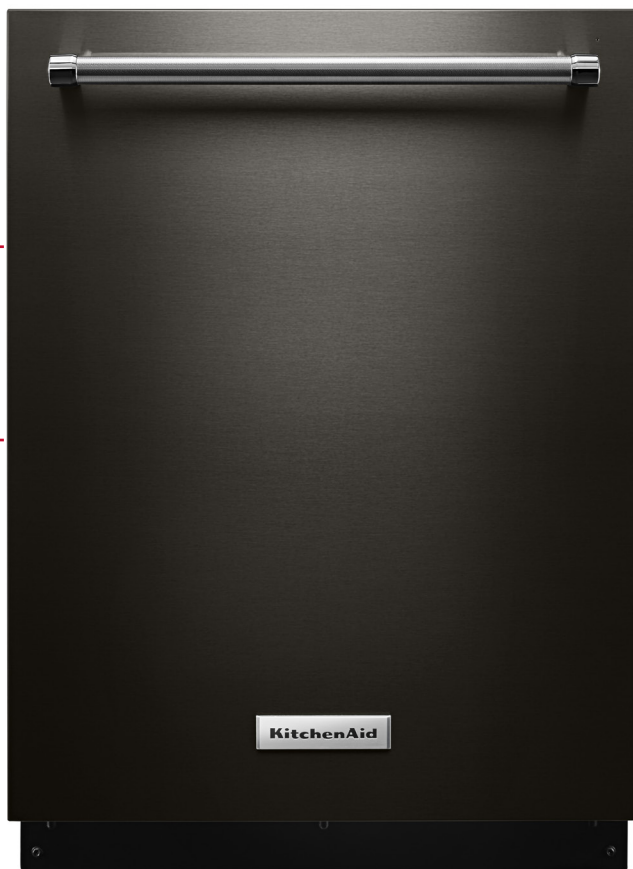

QUALIFY YOUR CUSTOMER

Which dishes and cookware do you typically soak before washing by hand?

**THE #1 RATED
DISHWASHER****

Assembled in Findlay, Ohio

SELLING IN 60 SECONDS

1

CLEANS UP AFTER CREATIVE COOKS

The Clean Water Wash System continuously removes food particles from the wash water, resulting in cleaner wash water† even with heavy loads.

2

NO MORE SOAKING DISHES OVERNIGHT

The ProScrub® Option uses 40 targeted spray jets to clean stubborn baked-on foods, so pots and pans don't need soaking or scrubbing.

3

OPTIMAL DRYING

The Fan-Enabled ProDry™ System utilizes a recessed heating element and a fan to ensure the best drying performance without rinse aid.††

*Per IEC standards. **According to a leading consumer magazine. †Compared to KitchenAid® dishwashers without the Clean Water Wash System. ††Among leading premium brands; models KD(T/P)E334G, KD(T/P)M354(E/G) & KDTM384E.

DISHWASHER

DID YOU KNOW?

KitchenAid® dishwashers operate without disrupting the kitchen environment with sound levels ranging from 39–46 dBA.* Cooks can stay in their creative flow while the dishwasher does the dirty work.

DEMO

Using a competitive product, show customers where the filter is located. Then, take them to this KitchenAid® unit and ask them to locate the filter. In this dishwasher, they won't find one because it uses a self-cleaning filter as part of the Clean Water Wash System!
