1

QUALIFY YOUR CUSTOMER

How often do you need to add extra drying time for bulky items like bath towels and comforters?

LARGE CAPACITY

Assembled in
Marion, Ohio

SELLING IN 60 SECONDS

1

8.8 CU. FT. CAPACITY

This dryer provides plenty of space to dry 21 towels in a single load.

2

DRIES FASTER[†]

With the PowerDry cycle's optimized heat and airflow, even the toughest loads get completely dried faster.[†]

3

SAVES ENERGY

This ENERGY STAR[®] certified electric dryer helps customers get great energy savings.

LAUNDRY

*Visit maytag.com for warranty details. **Electric only. †Electric only, compared to Normal cycle.

DID YOU KNOW?

70% of consumers who chose an ENERGY STAR® certified product said certification was influential.††

DEMO

Point out the PowerDry cycle on the console and explain to customers how optimized heat and airflow help to dry tough, bulky loads in less time.†

Display a laundry basket containing 21 towels and ask your customer to load in all of the towels to demonstrate the large capacity.
