Whirlpool®

1

QUALIFY YOUR CUSTOMER

Do you have any space constraints in the area you'd like to place your laundry pair?

NEW 27" WIDE DRYER

Assembled in Marion, Ohio

SELLING IN 60 SECONDS

1

27" WIDE DRYER

With a 27" width, this dryer can fit in tighter laundry spaces than a 29" wide dryer.

2

CUSTOMIZE EVERY LOAD

Intuitive Touch Controls allow customers to choose "what" they're drying and "how" to dry it, providing the right dry for each load.

3

FEWER LOADS

7.4 cu. ft. capacity offers plenty of room to handle large loads, so customers can avoid drying multiple loads.

LAUNDRY

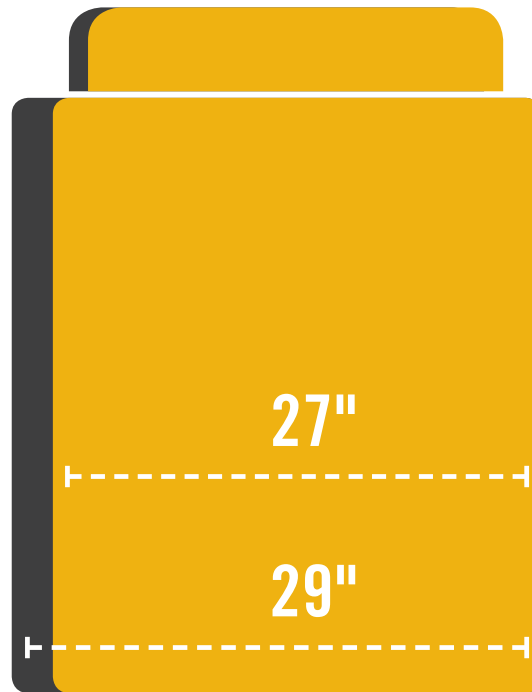

DID YOU KNOW?

80% of U.S. homes have a dryer, which accounts for approximately 6% of the country's residential energy consumption.* Save time and money with Whirlpool® ENERGY STAR® certified electric dryers.

DEMO

Using a tape measure, show customers how much room they can save with a 27" wide dryer that is 2" narrower than a standard 29" wide model.
