## QUALIFY YOUR CUSTOMER

How do you currently set the time and power level for your favorite microwaveable foods?

CONTROL COOKING  
SETTINGS FROM A  
MOBILE DEVICE†

SELLING IN 60 SECONDS

1

### CUSTOMIZED USER EXPERIENCE

The touchscreen learns and adapts to make cooking suggestions based on users' habits. Users can also save instructions for their favorite microwave recipes right on the touchscreen.

2

### THE RIGHT SETTINGS EVERY TIME

Scan select frozen food barcodes with a smartphone to send cooking instructions straight to the microwave with Scan-to-Cook technology.\*†

3

### CONTROL APPLIANCES FROM A MOBILE DEVICE†

Customers can stay connected to their microwave remotely with the Whirlpool® app, so they can add more time, turn on the fan and more.

COOKING

\*Not all frozen foods included. †WiFi & App required. Features subject to change. For details and privacy statement, visit [whirlpool.com/connect](http://whirlpool.com/connect).

## DID YOU KNOW?

More than 73% of people use a smartphone or tablet to help them in the kitchen.††

# DEMO

Show customers how easy it is to save microwave instructions as favorites—no matter how often they heat an item, they only have to enter the instructions once.

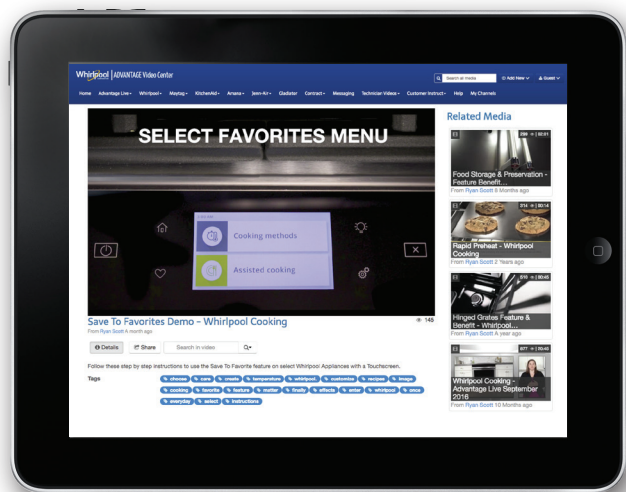

Step 1. Select the Favorites menu.

Step 2. Select Create a Favorite.

Step 3. Choose the type of favorite and cooking method.

Step 4. Add a name and image.

Step 5. Save your new Favorite.
