CleanRelease® Non-stick Interior

ASK: What do you usually clean your microwave with?

SHARE: A simple damp cloth is all you need to quickly clean up spills, no special cleaning solutions required.

Steam Cooking

ASK: What foods do you currently cook in your microwave?

SHARE: Steam foods such as rice, vegetables and fish right in the microwave. Steam accessory available separately.

Sensor Cooking

ASK: When reheating leftovers how much time do you put the food in the microwave for?

SHARE: Sensor cooking automatically tracks the cooking progress of food and adjusts the cook time as needed.
