TEMP ASSURE™ COOKING SYSTEM

ASK: What types of food do you typically bake?

SHARE: Distributes heat throughout the entire oven to help comfort food favorites like chicken parmesan or mom's beef pot roast taste just how you like them. This feature uses a built-in oven sensor to monitor oven temperature, and then adjusts the cooking elements to ensure even heat throughout the oven cavity.

FIT SYSTEM

ASK: What are the cutout dimensions of your current wall oven?

SHARE: There's no cutting corners. The FIT System eliminates measuring, cutting and filler strips for a perfect fit.* Adjustable inserts and a trim piece give you the flexibility to customize installation to your cabinet cutout, ensuring that your new wall oven will fit your kitchen cabinet. All FIT system components are included with the wall oven.

SELF-CLEAN OPTION AND HIDDEN BAKE ELEMENT

ASK: What cleaning options are you looking for in your wall oven?

SHARE: There's no need to scrape and scrub with the self-clean option. Use this setting to let your oven do the dirty work for you in just two to four hours. This oven also offers a hidden bake element which is seamlessly integrated into the oven interior to help make cleanup quick and easy.
