AMANA MICROWAVE

Model No. **AMV6502RE** | 2.0 cu. ft. capacity

SENSOR COOKING

ASK: How do you determine how long to cook food in your microwave?

SHARE: Sensor Cooking automatically adjusts the cook time, so you can spend less time on guesswork and more time catching up with the season premiere.

STEAM COOKING

ASK: What types of foods do you usually cook in your microwave?

SHARE: The Steam Cook option allows you to cook a variety of foods in the microwave. When using this option you can skip the stovetop and countertop steamer when cooking rice, fish or veggies.

QUICKWIPE™ CLEANING TECHNOLOGY

ASK: What do you typically clean your microwave with?

SHARE: This microwave has a non-stick surface which makes it quick and easy to wipe away spills and splashes with just a wet sponge or paper towel.
