DID YOU KNOW?

The Fan-Enabled ProDry™ System offers the best drying performance without rinse aid* so your customer can quickly get back to creating.

DEMO

Show & sell the Fan-Enabled ProDry™ System. Point out the fan symbol next to the Extended ProDry™ Option on the control panel, and mention that a spinning fan is displayed on the pocket handle display during the drying cycle.

Explain that the fan not only draws warm, humid air away from the dishes, it cools and mixes that air before it exits the dishwasher to prevent damage to surrounding floors and cabinets.
