

TOP FEATURES

2 IN 1 REMOVABLE AGITATOR

The industry-first 2 in 1 Removable Agitator gives customers the choice between washing with an agitator or an impeller, all in one appliance. With two ways to wash, it's twice the washer they have at home.

BUILT-IN WATER FAUCET

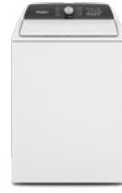

Easily prewash clothes and other items right in the washer with a conveniently located faucet that provides easy access to an instant water stream to remove loose soils.

MOISTURE SENSING

Two sensors increase the dryer's ability to measure moisture and temperature, helping prevent overdrying by automatically stopping the cycle when the load is dry.
