How often do you store frozen snacks or bulk food?

Gladiator brand makes it easy to stay stocked up with features like the

STAINLESS STEEL TREAD PLATE FOOT PEDAL

Top 3 Features

STAINLESS STEEL TREAD PLATE FOOT PEDAL

When customers are carrying everything in one trip, the **stainless steel tread plate foot pedal** lets them open the freezer door with a single step.

FLEXIBILITY FOR YOUR SPACE

Garage-friendly **heavy duty casters** make it easy for customers to move the freezer wherever they want it with minimal effort.

HEAVY DUTY SHELVES

Both **full-depth heavy gauge wire shelves** are strong enough to handle your customers' freezer needs.

DID YOU KNOW?

The Gladiator® Upright Freezer operates properly in extreme temperatures from 0°F–110°F.

DEMO

Ask your customers to step on the foot pedal themselves.

Point out how the **stainless steel tread plate foot pedal** makes opening the freezer easy, even with full hands. Plus, the tension of the foot pedal is adjustable.

DESIGNED FOR STOCKING UP

Upright design and large capacity are ideal for bulk food storage.

////// Assembled in Ottawa, Ohio ////

RECOMMEND A SYSTEM

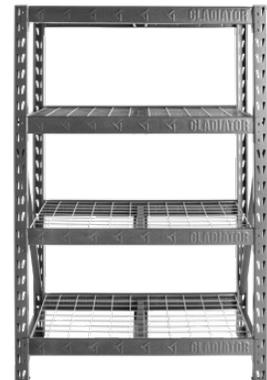

Tell customers how they can start with a freezer and expand their garage organization system with other Gladiator® products.
