

HOW TO SELL: JENNAIR® NEXTGEN INDUCTION DOWNDRAFT COOKTOPS

INFINITE DESIGN POTENTIAL

Unlock new horizons in kitchen design with a slim profile that liberates your space from bulky hoods and cabinet constraints, making even floating islands a reality.

POWERFUL AND EFFECTIVE EXTRACTION

Clear the kitchen air of vapors and odors with unmatched extraction power that works up to 5x faster than steam can rise, ensuring a spotless, odor-free environment.

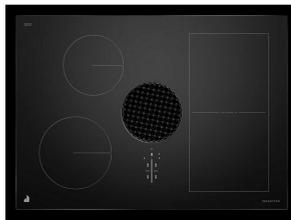

FLEX-CHOICE™ XL ZONE(S) WITH AUTOMATIC BRIDGING

Large induction elements with Automatic Bridging and Assisted Cooking options deliver exceptional results for oversized cookware every time. Place a large griddle across two zones to show how the cooktop automatically detects the pan and bridges the elements.

QUIET VENTILATION TECHNOLOGY

Running as low as 30 dBA, sound-reducing technology and weight-balanced blades minimize noise, making it perfect for the modern, peaceful kitchen.
