PLATINUM INTERIOR DESIGN

Dimensions: h: 83.375" w: 35.25" d: 27.75"

Colors:  Panel Ready  Stainless Steel

START THE CONVERSATION

What types of ingredients do you use in your recipes?

TOP FEATURES

1

PRESERVA® FOOD CARE SYSTEM

This innovative system combines three technologies that work together to independently manage temperature and humidity levels in the refrigerator and freezer.

2

AUTOMATIC ICE MAKER

Ensures that customers have a constant supply of ice for entertaining.

3

PLATINUM COLORED INTERIOR WITH METALLIC TRIM

A glossy platinum-color on the interior walls of the refrigerator and freezer offers an attractive, elegant look that is a welcome contrast to a traditional white interior.

DID YOU KNOW?

Sequential dual evaporators change the way air flows through the refrigerator and the freezer. This is a key component to extending the life of fresh and frozen ingredients, particularly produce.

HOW TO DEMONSTRATE

PRESERVA® FOOD CARE SYSTEM

Show off the vents or baffles between the sections and discuss with customers how the air is exchanged between fresh and frozen to keep temperatures level.

ADDITIONAL PRODUCTS TO CONSIDER
