BOTTOM MOUNT REFRIGERATOR WITH  
PLATINUM INTERIOR DESIGN

Dimensions: h: 83.375" w: 35.25" d: 27.75"

Colors:  Stainless Steel

## START THE CONVERSATION

What types of ingredients do you use in your recipes?

## TOP FEATURES

1

### PRESERVA® FOOD CARE SYSTEM

Dual evaporators, a produce preserver and an air filter work together to enhance food preservation and minimize odors. Dual evaporators provide a dedicated refrigeration and freezer unit to help keep food fresh longer. A produce preserver absorbs ethylene gas to delay over-ripening(1). And the air filter reduces common food odors.

2

### FIT SYSTEM LIMITED GUARANTEE

This installation guarantee ensures KitchenAid Brand Built-in Refrigerators will fit your existing cabinet cut-out of a standard comparable built-in refrigerator model that is 36", 42" or 48" inch wide or kitchenAid will provide up to \$300 for a professional to adjust your cabinets.(1)

3

### PLATINUM COLORED INTERIOR WITH METALLIC TRIM

Platinum Colored Interior brings premium style inside the refrigerator to complement the quality ingredients cooks keep on hand. Industry first platinum-color interior sleek silver walls accented by metallic trim on shelves, drawers and door bins offer a step up from the standard white interior.

## DID YOU KNOW?

Sequential dual evaporators change the way air flows through the refrigerator and the freezer. This is a key component to extending the life of fresh and frozen ingredients, particularly produce.

## HOW TO DEMONSTRATE

### PRESERVA® FOOD CARE SYSTEM

Show off the vents or baffles between the sections and discuss with customers how the air is exchanged between fresh and frozen to keep temperatures level.
