TOP FEATURES

1

MULTIPLE INSTALLATION OPTIONS

allow you to choose the installation style that fits your aesthetic: flush for a seamless look, overlay for a softly striking incorporated look or proud for a standout presence.

2

UNDER-SHELF PREP ZONE

utilizes unused space with included 9"x9" baking pan and loaf pans. Go directly from the refrigerator to the oven to the dishwasher. Ideal for storing food prep or leftovers, marinating, chilling desserts, making focaccia and more.

3

PRESERVA® COOLING SYSTEM

helps keep ingredients fresh and flavorful. This single evaporator system uses sensors to continually monitor temperature levels in both the refrigerator and freezer and adapts the flow of cold air between them to maintain optimal temperatures throughout.
