Colors:  Stainless Steel with PrintShield™ Finish

START THE CONVERSATION

Where do you normally place your drink glasses and bowls?

TOP FEATURES

1

360° MAX JET™ THIRD RACK

The only third rack with 360° wash jets to clean pint glasses, coffee mugs and cereal bowls inside and out. The largest third rack available* it also has a removable utensil tray for cooking tools and moisture-wicking tines for thorough drying.

2

TRUE SELF-CLEANING FILTRATION

True Self-Cleaning Filtration is the only dishwasher filtration system that eliminates the need for manual filter cleaning. It continuously captures food particles, so only clean water circulates through the wash jets, then cleans itself as the dishwasher drains.

3

FAN-ENABLED PRODRY™ SYSTEM

Fan-Enabled ProDry™ System gives dishes a thorough dry using a heating element and fan to circulate hot air after the wash cycle ends. Regular and extended cycle options let you adjust drying time for different loads.

DID YOU KNOW?

A third rack is a sliding rack located at the top of the dishwasher, that allows for more space and flexibility when loading your dishes. They provide the perfect space for flatware, utensils, measuring cups and much more.

HOW TO DEMONSTRATE

360° MAX JETS™ THIRD RACK

Keep a set of dishes nearby to show customers how they can increase usable loading space with the FreeFlex™ Third Level Rack. Load the rack with 6" pint glasses, 3" deep bowls and a 5-quart KitchenAid stand mixer bowl in the rack below, to highlight how much the upper rack can hold without compromising available space in the racks below.
