FILL

Dimensions: h: 69.875" w: 35.625" d: 32.125"

Colors:  Black Ore  Juniper  Porcelain White

 Fingerprint Resistant Stainless Steel

START THE CONVERSATION

Have you ever tried to fill your water bottle with your hands full?

TOP FEATURES

1

INTELLIGENT AUTO FILL

lets you set your cup down and have it filled correctly, hands-free. AI intelligently senses when your cup is within the dispenser, your glass is off-center, or can even detect when a hand pulls your cup away, ensuring an easy, "set and forget" water-filling experience.

2

PRESERVA® FOOD CARE SYSTEM

helps keep ingredients fresh and flavorful. This single evaporator system uses sensors to continually monitor temperature levels in both the refrigerator and freezer and adapts the flow of cold air between them to maintain optimal temperatures throughout.

3

FRESHCHILL™ TEMPERATURE-CONTROLLED FULL-WIDTH PANTRY DRAWER

makes it easy to customize storage temperatures for different types of ingredients, helping to maintain freshness. Simply touch and select temperature presets for wine, deli, drinks and meat.

DID YOU KNOW? Many people drink out of tall water bottles that do not fit inside a normal sized water dispenser.

HOW TO DEMONSTRATE

INTELLIGENT AUTO FILL

Have the customer place a bottle underneath the water dispenser and explain how it will automatically dispense until it is full.
