START THE CONVERSATION

Do you want to consolidate your trash?

TOP FEATURES

1

SOLID PACK™ CONTROL WITH 5:1 COMPACTION RATIO

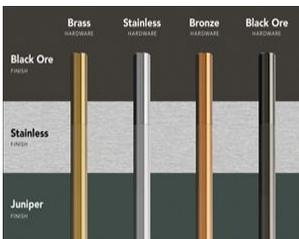

reduces trash volume by up to 80%, allowing it to fit five trash compactor bags worth of waste into one.

2

BUILT-IN ODOR MANAGEMENT SYSTEM

traps and minimizes unpleasant odors by combining a charcoal filter with a fan.

3

DESIGNED TO BE PERSONALIZED

with a curated palette of exterior finishes and mixed metal hardware. Pick from lush Juniper, warm Black Ore and classic Stainless Steel finishes, all with matching handles. Personalize your hardware with optional handle accessory kits in Brass, Bronze, Black Ore and Stainless Steel.

DID YOU KNOW? Using a trash compactor can consolidate 5 trash bags down to 1!

HOW TO DEMONSTRATE

SOLID PACK™ CONTROL WITH 5:1 COMPACTION RATIO

Have the customer open the unit and speak to the benefits of a trash compactor. It will save the customer time, space and improve the odor in their home.
