POWERBLAST® CYCLE AND POWERDRY**

Dimensions: h: 33.625" w: 23.875" d: 26.75"

Colors:  Black  Fingerprint Resistant Stainless Steel

 White

START THE CONVERSATION

Do you ever find yourself rewashing dishes because food doesn't come off the first time?

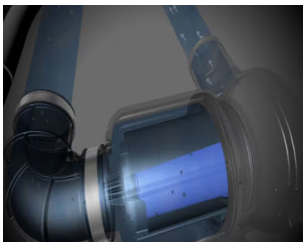

TOP FEATURES

1

POWERBLAST® CYCLE

The PowerBlast® Cycle scours away stubborn foods like egg yolk, peanut butter and even dried-on oatmeal with ease. High-pressure jets, rotating spray arm, and increased water temperatures work together to clear food off dishes—so all you have to do is load them in.

2

DUAL POWER FILTRATION

Skip soaking, scrubbing and pre-rinsing with Maytag engineering that puts an end to pre-work. Industry-exclusive Dual Power Filtration combines 100% microfiltration and a 4-blade stainless steel chopper to filter out then dispose of any food in its path.

3

99% BETTER DRYING PERFORMANCE*

Get 99% better drying* performance by combining maximum Powerdry + Open Air Dry so your dishes are cabinet-ready.

DID YOU KNOW?

PowerBlast doesn't just clean your dishes—it helps keep the inside of your dishwasher clean, too. With high-heat water and targeted sprays, it loosens and flushes away stuck-on food and residue that could build up over time. That means fewer odors, less gunk, and more confidence that your dishes are actually clean.

HOW TO DEMONSTRATE

POWERBLAST® CYCLE

Bring in a dirty plate or a visual showing food stuck on a plate. Open the dishwasher and place the plate inside, then point to the PowerBlast® cycle. Tell your customer how this cycle is designed so the mess is gone, no soaking, no scrubbing, no second round.
