 White

START THE CONVERSATION

Are you looking for a quick way to deliver crispy-on-the-outside food?

TOP FEATURES

1

NO PREHEAT AIR FRY

Strapped for time? No Preheat Air Fry eliminates the preheating process and cooks fried foods fast—delivering a crispy-on-the-outside, juicy-on-the-inside taste using little to no additional oil.*

2

AIR BAKING

" Redefine baking with the power of air. By circulating hot air throughout the oven, Air Baking delivers even heating for crispy-on-the-outside, gooey-on-the-inside cookies, juicy, tender turkey and more. "

3

GRIDDLE ZONE

Turn your cooktop into a flat top by placing a Maytag® griddle* on the Griddle Zone. By combining two heating elements to create a larger surface, you can cook more food simultaneously. Whip up everything from pancakes to smash burgers to stir-fried vegetables from the convenience of your kitchen. *Sold Separately.

DID YOU KNOW?

Purchase the Air Fry Basket separately. Place the air fry basket on the middle rack. To avoid drips and crumbs from collecting on the bottom of your oven, place a baking tray on one of the racks below your air fryer basket.

HOW TO DEMONSTRATE

NO PREHEAT AIR FRY

Speak to our No Preheat Air Fry cycle by telling the customers how we have optimized the use of fan, ring element, bake and broil as well as the right heat at the right time delivering a crispy-on-the-outside, juicy-on-the-inside taste using little to no additional oil.*

*Compared to traditional deep frying.
