TOP FEATURES

1

PET PRO OPTION

The Pet Pro Option lifts and captures pet hair from clothes in the lint trap by using the combined actions of reduced heat, extended cycle time, and moisture sensors that detect when a spray of water is needed.

2

STEAM-ENHANCED DRYER

Steam-enhanced dryers harness the power of steam to help prevent wrinkles and refresh clothes—even on deserted loads.

3

EXTRA POWER

Extra Power option helps get thick fabrics, pockets and seams drier the first time*.

*Results may vary based on load size and type.

DID YOU KNOW?

Static can cause pet hair to cling to clothes. This is why our Pet Pro dryers harness the power of steam to reduce static and release and lift pet hair from clothing.
