Colors: Volcano Black Volcano Black White

START THE CONVERSATION

Do you ever find pet hair still stuck to your clothes or bedding even after doing laundry?

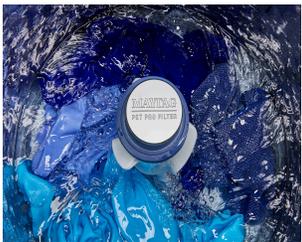

TOP FEATURES

1

PET PRO SYSTEM

Conquer pet hair like a pro with the Maytag® Pet Pro System. The built-in Pet Pro Filter in the washer visibly removes pet hair, while the lint trap in the dryer traps and removes pet hair, load after load.

2

EXTRA POWER OPTION

Extra Power option boosts stain fighting on any wash cycle with an intense pre-wash and extra agitation so you can walk away while stains wash away.

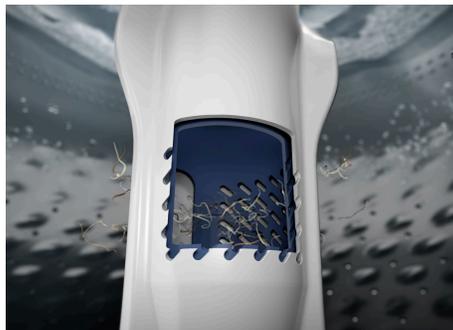

3

BUILT-IN WATER FAUCET

The built-in water faucet rinses, spot treats or soaks clothes right in the washer—no extra steps needed. After three hours, the water drains, leaving clothes ready for the wash cycle.

DID YOU KNOW? 63% of US households have cats or dogs, with 72% of pet owners saying pet hair is a substantial problem.

HOW TO DEMONSTRATE

PET PRO SYSTEM

Open the washer and point to the built-in Pet Pro Filter, tell your customer how it traps pet hair during the wash instead of letting it stick to your clothes. When the cycle's done, just pop it out and toss the hair. Open the dryer and pull out the oversized lint trap explaining how it grabs even more hair. Together, it's a full system made for pet owners.
