How do you tackle tough stains on delicate garments?

TOP FEATURES

1

EXTRA POWER

Extra Power boosts stain fighting on any wash cycle with an intense pre-wash and extra agitation so you can walk away while stains wash away.

2

BUILT-IN WATER FAUCET

The built-in water faucet is engineered for the extra dirty. Access a cold water stream to rinse away loose soils as clothes go in or fill the tub for up to a three-hour soak before the cycle begins. Delay the start of the wash cycle to take loads straight from soaking to washing without coming back to the washer.

3

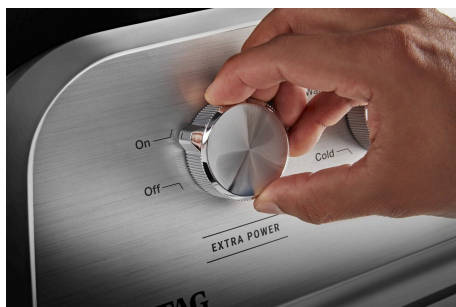

POWER™ AGITATOR

Trust the Power™ agitator to knock the stubborn out of stains. A 360-degree wash action keeps clothes moving to help break up messes. This Power™ agitator also features a fabric softener dispenser.

DID YOU KNOW?

Extra Power starts with a high detergent concentration cold-water soak to tackle organic, protein-based stains like blood or coffee. Throughout the cycle, Extra Power adds more agitation time and action along with warmer water to power through tough, oil-based stains like grease and make-up. The increased water temperature and wash...

HOW TO DEMONSTRATE

EXTRA POWER

Explore the 5-knob console of this washer and highlight the Extra Power Knob. Let your customers know that Extra Power can be added to any cycle to boost stain-fighting performance.
