Colors:  Blk Glass Touch Ctrl w SS side  Black

START THE CONVERSATION

Does your family often cook meals where getting the temperature just right matters, like melting chocolate, simmering sauces, or cooking things like eggs or chicken?

TOP FEATURES

1

TEMP COOK™ INDUCTION TECHNOLOGY

The Temp Cook™ Induction Technology helps you avoid burning with dual temperature sensors that monitor and maintain your heat.

2

SMART PRESETS

Simplify mealtime with Smart Presets that automatically set the the right temp to saute, simmer, fry and more.

3

FLEXHEAT™ PLUS ELEMENT

Think big, small and most sizes in between with the Flexheat™Plus Element, a large, rectangular cooking space with pan size detection that only heats the space you need, giving you the flexibility to cook with different size pots and pans.

DID YOU KNOW?

Temp Cook™ Induction Technology monitors the pan's temperature and prevents overheating, which means you won't get that sudden boil-over when cooking pasta, oatmeal, or soups.

HOW TO DEMONSTRATE

TEMP COOK™ INDUCTION TECHNOLOGY

Have your customer imagine doing pancakes where one burns and another is undercooked. Tell them with Temp Cook™ Induction Technology the dual sensors holds the temperature you select so you can have golden pancakes every batch
