DID YOU KNOW?

The Air Fry Basket can be purchased separately. When using your oven to air fry, be sure to place the air fry basket on the middle rack. This ensures proper air circulation throughout the oven cavity. To avoid drips and crumbs from collecting on the bottom of your oven, place a baking tray on one of the racks below your air fryer basket.

HOW TO DEMONSTRATE

NO PREHEAT AIR FRY

Speak to our No Preheat Air Fry cycle by telling the customers how we have optimized the use of fan, ring element, bake and broil as well as the right heat at the right time to allow for browning and crisping.
