Which items do you worry about over drying?

TOP FEATURES

1

ADVANCED MOISTURE SENSING

Get clothes dried right every time with moisture and temperature sensors.

2

INTUITIVE CONTROLS

Create customized cycles in a few touches with Intuitive Controls.

3

SANITIZE CYCLE

Use higher temperatures to sanitize items like towels

DID YOU KNOW?

Sometimes the wax from dryer sheets can build up on moisture sensors. Use a damp cloth to refresh the sensor to accurately assess moisture within the drum.

HOW TO DEMONSTRATE

Advanced Moisture Sensing

Show customers the moisture sensing strips in the back of the dryer and explain how they can determine how much moisture is still in clothes and adapt drying times to provide the right amount of dry.
