Colors:  Stainless Steel

START THE CONVERSATION

Do you ever feel like your current microwave takes up too much precious counter space, or is awkward to reach over the range?

TOP FEATURES

1

BUILT-IN MICROWAVE DRAWER

Free up counter space with the Built-in Microwave Drawer Design, which slides out to simplify placing & removing dishes.

2

SENSOR COOKING

Help prevent overcooking with Sensor Cooking technology that senses humidity levels of your food to monitor cooking progress and automatically adjust your cook time and power to deliver delicious results.

3

TAP TO OPEN & CLOSE

Just one gentle tap lets you open or close the door.

DID YOU KNOW?

Over-the-range and countertop microwaves take up valuable prep space. This built-in drawer slides open effortlessly under the counter for safer, top-down loading

HOW TO DEMONSTRATE

BUILT-IN MICROWAVE DRAWER

Plug the unit in, press the open button to reveal the top-loading cavity. Tell your customer: Instead of swinging a heavy door open at eye level or reaching up high, the drawer glides smoothly out to you. Look down into the cavity—you can easily drop in heavy casserole dishes, hot soup bowls, or large mugs straight from above without spilling a drop.
