FLUSH BUILT-IN DESIGN**

Dimensions: h: 17.875" w: 30" d: 12.75"

Colors:  Black Stainless Finish  Black

Fingerprint Resistant Stainless Steel  White

## START THE CONVERSATION

Thinking about your current kitchen design, do you have a countertop air fryer?

## TOP FEATURES

1

### AIR FRY MODE

Air Fry Mode gives you the flexibility of a microwave and air fryer in one appliance to free up counter space. You can air fry chicken nuggets, wings, fries and more in the included Dishwasher-Safe Air Fry Basket to get crispy results at home.

2

### ROAST MODE

Roast Mode helps you give chicken, vegetables and more a crunchy, caramelized outer layer directly in the microwave, so you don't have to use the oven. Convection cooking helps circulate hot air throughout the microwave, so your family's favorites get a crisp cook.

3

### GRILL MODE

Grill meat and vegetables in your microwave with Grill Mode. The Air Fry Basket allows direct heat to sear the outside of your food, creating a nice crust and flavor.

**DID YOU KNOW?** The primary benefit of air frying is reduced use of oil, which can help to cook meals that are lower in fat and calories vs. traditional deep frying. (Whirlpool.com)

## HOW TO DEMONSTRATE

### AIR FRY MODE

Remove the included Air Fry Basket from the microwave demonstrating how the hot air circulates around the air fry basket. Then show customers there are three positions to place it in the microwave. The right position will help cook food in a good performance. Depending on their recipe, we recommend they visit the online Control Guide for good placement.

## ADDITIONAL PRODUCTS TO CONSIDER
