START THE CONVERSATION

Would you like to have ice available right away with your new refrigerator?

TOP FEATURES

1

FACTORY-INSTALLED ICEMAKER

Don't worry about refilling ice trays with this pre-installed ice maker that makes sure you always have plenty of ice on hand. Customers will love having ice made right after they start using their new refrigerator. No need for installing an icemaker by the customer or a professional.

2

TAP TOUCH CONTROLS

Experience expert control similar to your other digital devices. Tap Touch controls enable direct control of your refrigerator and freezer compartments from the outside of the door. Plus, these controls clean up easily.

3

FRAMELESS GLASS SHELVES

Store more on each shelf without the plastic frames that can cause items to rest unevenly and topple over. The wall-to-wall design of these glass shelves means more can fit on each shelf, while the smooth surface prevents items from falling through the cracks.

HOW TO DEMONSTRATE

FACTORY-INSTALLED ICEMAKER

Point out the icemaker in the freezer compartment and explain to customers how easy it is to get ice without additional icemaker installation hassles.
