START THE CONVERSATION

What items do you store in your current refrigerator that might topple over if not level?

TOP FEATURES

1

FRAMELESS GLASS SHELVES

Store more on each shelf without the plastic frames that can cause items to rest unevenly and topple over. The wall-to-wall design of these glass shelves means more can fit on each shelf, while the smooth surface prevents items from falling through the cracks.

2

HUMIDITY-CONTROLLED CRISPERS

Store fruits and vegetables in their ideal environment. Customers can rest assured their produce will be well cared for inside these humidity-controlled crispers. They can adapt each crisper to fruits or vegetables with the sliding controls.

3

ENERGY STAR® CERTIFIED

Experience maximum savings on utility costs with ENERGY STAR® certified refrigerators that reflect industry improvements in insulation and compressor technology to use less energy without sacrificing features.

DID YOU KNOW?

Customers want things to be "easy to clean and disinfect." In fact, this is one of the top 5 most valued aspects of their kitchen.(1) Frameless glass shelves not only hold items from wall to wall, they contain messes and are easy to clean.
(1)2016 Houzz Survey.

HOW TO DEMONSTRATE

FRAMELESS GLASS SHELVES

Rest props like a soda can or a ketchup bottle along the edge of the frameless glass shelf, and on the plastic frame of a competitive glass shelf. Show customers how the items rest securely on the Whirlpool brand shelves while they sit unevenly on the unlevel surface of the framed shelf.
