TOP FEATURES

1

SMOOTH IMPELLER

Give clothes a thorough yet gentle clean. Designed so clothes have more room to move, the surface and vanes also help drive clothes from the outer rim to the center, where the deepest cleaning happens.

2

EASYVIEW™ FULL-WIDTH SLOW-CLOSE GLASS LID

Enjoy a clean, streamlined look with the slow-close, see-through lid that lets you easily check on your load while it's washing.

3

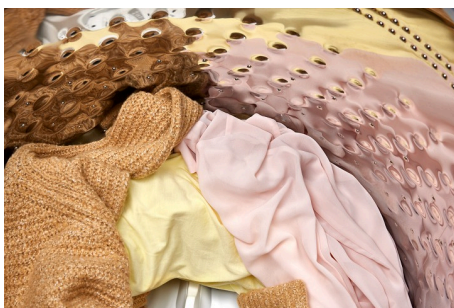

SINGLE LOAD DISPENSER

Add detergent and fabric softener to their designated compartments so each gets dispensed at just the right time during the cycle.

DID YOU KNOW?

The popularity of impellers is because of their ability to handle large loads, provide gentle fabric care, while using less water.

HOW TO DEMONSTRATE
