Show customers the capabilities of the laundry pair and tell them how today's washers and dryers are designed to complement each other in performance and capability. Dryer capacity should be nearly twice the size of the washer capacity for proper air flow to dry evenly and in a timely manner.

MVWP586G & ME/GDP586K

This residential laundry pair features commercial-grade components like corrosion-resistant galvanized steel panels.

MVW6230RH & ME/GD6230RH

We confidently back this washer for a decade of dependability with our ultimate warranty: a 5-year limited parts and labor warranty followed by an additional 5-year limited parts warranty on the drive motor and stainless steel wash basket.*

MVW6230H & ME/GD6230H

This heavy duty washer delivers powerful cleaning backed by the stain-fighting power of the Extra Power button. Plus, one push of the Extra Power button on the dryer boosts drying power on any cycle.**

MVW7230H & ME/GD7230H

The built-in water faucet is engineered for the extra dirty, either for a quick rinse or long soak right in the washer. Select steam-enhanced dryer cycles and options help prevent wrinkles, refresh clothes and reduce static. (For a washer the Power™ impeller see model MVW7232H)

Show customers the capabilities of the laundry pair and tell them how today's washers and dryers are designed to complement each other in performance and capability. Dryer capacity should be nearly twice the size of the washer capacity for proper air flow to dry evenly and in a timely manner.

MVW6500M & ME/GD6500M

Conquer pet hair like a pro with a pet pro filter in the washer that removes 5x more pet hair* while the XL lint trap in the dryer traps and removes additional pet hair.

*Comparing Normal cycle with Pet Pro Filter and option to cycle using traditional agitator without Pet Pro Filter and option. Results will vary based on fabric and type of pet hair.

ME/GD4500M

- 7.0 cu. ft.
